

# nu board

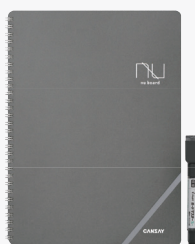

Double Writing Surface: Board + Translucent Sheet

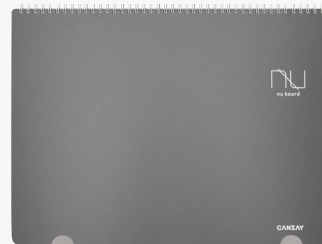

Memo

Pocket

A4

A3

## nu board Features

- A3 and A4 models include eight translucent writeable sheets, while Memo models include five transparent writable sheets. Each sheet fits over a board surface, and may be used as a second writing layer, or to attach sticky notes, or to hold inserts, or...it's up to you.
- Product is available in three sizes. A3 is great for meetings, A4 for personal use, and Memo models are excellent memo pads.
- The Pocket models includes a German-made ultrafine marker (0.6 mm). Ink is strongly adhesive, so writing will not smudge when you are walking, or come off when accidentally touched.

## Specifications

Model	Size (mm)	Boards (Pages), Sheets	Remark	Product No.	JAN Code
Memo	104 × 178	4 (8), 5 <sup>1</sup>	Includes 1 marker	NGSH03FN08	4562261441894
Pocket	104 × 178	4 (8) <sup>2</sup>	Includes 1 marker <sup>3</sup>	NGSHFM0Y08	4562261441825
A4	223 × 301	4 (8), 8	Includes 1 marker	NGA403FN08	4562261441887
A3	425 × 310	4 (8), 8	With non-slip pads on cover	NGA302FN08	4562261441757

1 One sheet over first board page, one over last board page, and 3 interleaved between adjacent board pages (between 2 and 3, 4 and 5, 6 and 7), for a total of 5 sheets. In contrast, A4 and A3 have 8 sheets.

2 This model does not include transparent sheets.

3 This included marker is for this model only. Different from markers on other models.

### When Markers Run Dry...

For Pocket model, please purchase CANSAY nu board marker. For other models, please purchase Pilot-brand whiteboard markers.

## Materials

A3 and A4 Models: Paper, Polypropylene

Memo Models: Paper, PET, Polypropylene

## Usage Precautions

- Write only with a whiteboard marker.
- Always store markers horizontally.
- Product is paper-based and may warp slightly in dry or humid environments.
- On A3 and A4 models, writing may resist erasure if left for 2 days on board surface, or after several hours on sheet surface. On Memo models, erasure may become difficult if left for 7 days (board or sheet).
- Board and sheet surfaces may be cleaned with whiteboard cleaner or alcohol towelettes.
- Touching written surface may cause erasure or transfer of ink to skin or clothes.
- Children's usage should be supervised by adults.
